## **INFORMED CONSENT FORM FOR ENERGY MEDICINE**

WELCOME TO MY PRACTICE!

BEFORE WE PROCEED, I WANT TO MAKE SURE THAT YOU HAVE SUFFICIENT INFORMATION TO FEEL COMFORTABLE ENTERING INTO A PROFESSIONAL RELATIONSHIP WITH ME.  
PLEASE READ AND SIGN THIS FORM, AND LET ME KNOW IF YOU HAVE ANY QUESTIONS OR CONCERNS.

### Credentials, Training and Experience:

*I am an Eden Energy Medicine Certified Practitioner (EEMCP). The Eden Energy Medicine Certification Program consists of two years of intense study and supervised practice.*

The state of Georgia does not offer a license specifically mentioning the practice of energy medicine and energy medicine is not specifically regulated by any federal or state regulatory agency in the USA.

Eden Energy Medicine is an energy healing system developed by Donna Eden. It focuses on the body's subtle energies to enhance a person's health and wellbeing. Like many ancient healing traditions, Eden Energy Medicine recognizes that disturbances in a person's energy field often precede illness and that balancing these subtle energies can assist the body in moving towards wellness. Whereas conventional medicine diagnoses and treats symptoms and diseases, Eden Energy Medicine assesses and corrects disturbances in the body's energies and energy fields.

Description of services: My sessions are typically 90 minutes in length. During this time we will briefly discuss your concerns and reasons for consultation, and review what has occurred since the previous session. Clients are expected to provide accurate and complete information that will assist me in assessing potential energy imbalances in the subtle energy fields.

We will then begin a process where I assess the flow of energies in your body and facilitate corrections designed to bring disturbed energies back to a state of balance and harmony. I'll use muscle-response testing as a method to assess your body's energies, also known as *energy kinesiology*. I will use various forms of light and deeper touch, along with movement of my hands within your energy fields, to balance and harmonize your energies. Before I touch any part of your body that may be considered sensitive, I will ask your permission. I will also recommend and teach specific exercises and movements that you can do to help balance your energies yourself.

*While these methods are generally gentle and considered non-invasive, it is possible that physical and emotional after-effects may occur when your energies have been stimulated and adjusted.* If any procedure is uncomfortable, I encourage you to tell me at once and I will instantly stop when you request me to do so. I generally end sessions with instructions for energy exercises you can do at home on a daily basis.

*I'll also provide handouts describing those exercises, focusing on energy imbalances identified during the session.*

### Limitations:

I do not purport to diagnose or treat disease or act as your physician. This work is not offered as a replacement or substitute for health care treatment with a licensed and qualified health-care provider, but rather as an optional, complementary service. As such, I do not offer diagnosis, treatment or cure for any disorder or illness.

It is your full responsibility to seek medical advice and opinion from your primary care physician (or other qualified health care provider as appropriate) regarding regular assessment and routine monitoring of your medical health or if you have symptoms that are distressing.

### Partnership:

Effective energy work requires a partnership between EEM practitioner and client. Achieving body/mind well-being is the responsibility of both the client and the practitioner. I will help you develop new energy habits to substitute for less useful ones. Your role in this partnership is to make a strong commitment to work to achieve the goal of energy balance. This includes doing homework between sessions and the regular practice of energy exercises that I recommend for specific energetic results.

### Timeliness:

It is important that you are on time for your appointment. If you are late, that time is lost from your session and the remaining time may not be sufficient to address the issues of your consultation.

If I am late for a session, I will extend the session if our schedules permit, or we will make other arrangements.

**Dress Code:**

It is best to wear loose comfortable clothing, and I'll ask you to remove your shoes to be able to do energy work on your feet.

**Fee Schedule:**

My fee for a session is \$100/per hour, which is due at the time of your visit. Payment is by check or cash. I will provide you with a receipt each time you pay if requested.

**Cancellation Policy:**

***I require at least 24 hours notification of cancellation.*** Otherwise, you'll be billed and expected to pay for the missed session.

**Confidentiality:**

Your records, files, personal information and experiences during our EEM sessions are strictly private and confidential. All session notes and relevant information about my clients are kept in a locked filing cabinet in my secured office. You may instruct me to release information to other health care practitioners or I may be required to release information if subpoenaed or otherwise legally obligated such as in circumstances where there is clear and imminent danger to yourself or another person.

**Removal and Destruction of Session Materials:**

After a period of 5 years from the date of suspension of service and session, I will shred and destroy all records and copies relating to your participation in EEM session/s while in my practice.
